Faculty Advising

2020 Fall Contact Information

Faculty Advisors are now available for Student Career Questions.

What could you discuss with a Faculty Advisor?

1. What is the difference between the ECS programs?
2. How does my choice of program affect my career and job opportunities?
3. What electives should I take to make my education more rounded?
4. If I want to work toward a senior design project, what are my options?
5. What are my options for independent study?
6. How do I contact a professor?
7. How can I get some practical work experience?
8. How do I best prepare for graduate school?
9. How does the fast-track program work?
10. What are the advantages to me in terms of my objectives?
11. How do I decide on a career?
12. What type of jobs should I expect to find in my major when I graduate?
13. What additional resources does the University offer?
