

JONSSON SCHOOL COMMENCEMENT

THE UNIVERSITY OF TEXAS AT DALLAS
MAY 2021

MESSAGE TO THE GRADUATES

This is a special moment for you and your family, and we are so proud of your accomplishments! On behalf of The University of Texas at Dallas, we extend our very best wishes for your continuing success.

Commencement and the ceremonial traditions associated with it bind us to generations of scholars. While safety concerns due to the COVID-19 pandemic required us to conduct commencement virtually this semester, we want to acknowledge that you and your classmates have demonstrated commitment, creativity and talent — and perseverance.

Graduates, we encourage you to make the most of what you have learned at UT Dallas as you move into your chosen profession and into the community.

Finally, we hope that you will return in August when we will hold in-person ceremonies on campus. In the meantime, please stay connected with UT Dallas and continue to be a part of our bright future. Congratulations!

CANDIDATES FOR DEGREES WITH LATIN HONORS

Students graduating with Latin Honors have enrolled and successfully completed a minimum of 45 undergraduate hours at UT Dallas. Each Latin Honors level requires a minimum grade point average (GPA) to be attained over all course work taken at UT Dallas.

Summa cum laude:

The grade point average that represents the top 5 percent of all graduates in a particular school is considered the threshold for awarding summa cum laude honors.

Magna cum laude:

The grade point average that represents the next 10 percent of all graduates in a particular school is considered the threshold for awarding magna cum laude honors.

Cum laude:

The grade point average that represents the next 15 percent of all graduates in a particular school is considered the threshold for awarding cum laude honors.

COMMENCEMENT SYMBOLS

Academic symbols date to the Middle Ages and include the mace, chain of office, academic regalia and gonfalons.

THE CEREMONIAL MACE

The mace is a ceremonial staff of authority that administrators and faculty at universities worldwide carry at the head of academic processions. Traditionally made of wood and clad with metal, the mace was originally a weapon of war used to knock an enemy from his horse or crush his armor. The mace evolved into a symbol of peaceful leadership and kings encrusted them with jewels and precious metals.

The UT Dallas mace was handcrafted from wood from the 600-year-old Treaty Oak tree in Austin, which is said to have shaded Stephen F. Austin as he signed the first boundary agreement between American Indians and settlers in 1824. The tree was also said to be the last of a grove of live oaks where Native Americans once held feasts and religious ceremonies.

The 4-foot, 10-pound mace includes a sterling silver University seal surrounding a wafer embedded with Texas Instruments microchips, which represent the company's role in the founding of the University. A steel band in the headpiece and the metal foot of the staff are fashioned from a scientific instrument designed by the UT Dallas Space Sciences Institute and flown aboard the Space Shuttle Endeavor in September 1995. The mace stands in the president's office when not in use.

CHAIN OF OFFICE

The UT Dallas chain of office is the traditional symbol used to signify the responsibilities and authority of the University president. The links of the chain are engraved with the names of the presidents of the University above a large medallion in the form of the University seal.

The seal of The University of Texas at Dallas has as its central feature a shield that is divided into two fields, the upper and the lower. In the lower field are the historic wreath — the right half of which is an olive branch, the left half a live oak branch — and the star of the Great Seal of the State of Texas. In the upper field is an open book, a fitting symbol for an institution of learning.

The shield rests in a circle and contains the motto "Disciplina Praesidium Civitatis." The motto is the late Dr. Edwin W. Fay's terse Latin rendering of the famous quotation from Mirabeau B. Lamar: "Cultivated mind is the guardian genius of democracy." Around the disk is a larger one, bearing the words "The University of Texas at Dallas."

ACADEMIC REGALIA

Students in the medieval universities of Paris, Bologna, Oxford and Cambridge organized into guilds and gradually their costumes of flowing robes became distinctive for Bachelors (apprentices) of Arts, masters (teachers) and doctors (teachers who had completed postgraduate studies).

The academic hood worn by today's master's and doctoral students derives from the medieval cloak worn over the gown. The color on the outside trim of the hood indicates the degree earned; the colors on the hood lining area those of the university granting the degree.

The academic cap was a later development, first conferred as a symbol of the master's degree. Some caps were stiff, some soft; some were square, some found with a tuft. The tassel of today is an elaboration of the tuft. Round caps are still used by some institutions. The square mortar board style originated at Oxford.

In the United States, the Intercollegiate Code has taken the Oxford costume and standardized academic regalia. The master's gown has long, pointed sleeves; the doctoral gown has closed sleeves with three bars of velvet on each and velvet facing.

Six colors of tassels are worn by UT Dallas graduates. The white tassel is worn by those receiving the Bachelor of Arts and Master of Arts; the golden tassel is worn by those receiving the Bachelor of Science and Master of Science; the drab tassel is worn by those receiving the Master of Business Administration; the peacock blue tassel is worn by those receiving the Master of Public Affairs; the brown tassel is worn by those receiving the Master of Fine Arts; and the gold tassel is reserved for Doctors and Presidents.

GONFALONS

The gonfalons — or college banners — add a wonderful element of color and pageantry to The University of Texas at Dallas commencement and convocation ceremonies. The gonfalon is a long banner that is suspended from a crossbar. The name derives from medieval Italy, where “gonfalone” was the name given to a community meeting in Florence. Each neighborhood had its own flag and coat of arms and the word gonfalon eventually came to be associated with the flag.

All gonfalons have in common several elements that symbolize the unified mission of the University. Among these common elements are the school colors, green and orange. The color orange represents The University of Texas System and is derived from the burnt orange UT Austin, the first UT school. In the world of academia, the orange color symbolizes engineering. UT Dallas' green color stems from the green olive and oak branches that are represented in the UT Dallas seal. Olive branches symbolize peace, and oak branches symbolize strength and endurance.

WELCOME TO THE UT DALLAS ALUMNI COMMUNITY

Your graduation from The University of Texas at Dallas is a celebration of years of hard work and incredible achievement. Congratulations on all that you have accomplished! Let me be the first to welcome you to our alumni community of more than 120,000 worldwide.

As you prepare to take on the exciting new opportunities open to you as a graduate of this great institution, all of us at the University look forward to seeing what you will do in the future. We hope that you will remain connected to UT Dallas and invite you to officially become a member of the **UT Dallas Alumni Association**.

As an Alumni Association member, you can keep up-to-date with your fellow Comets through our online alumni directory and continue to enjoy use of the UT Dallas Career Center, Activity Center and Eugene McDermott Library. Members also receive special perks and discounts at the UTD Bookstore, Tech Store and local businesses, among other benefits.

Visit alumni.utdallas.edu to learn more and stay “joined as one” with your fellow Comets.

I wish you the best of luck as you begin this next chapter in your lives.
