

# JONSSON SCHOOL COMMENCEMENT

THE UNIVERSITY OF TEXAS AT DALLAS  
MAY 2020

## MESSAGE TO THE GRADUATES

Congratulations on the successful completion of your studies at The University of Texas at Dallas! We're proud of you!

When you enrolled at UT Dallas, you undoubtedly expected to take the traditional walk across the stage in your graduation regalia while your family and friends cheered from the stands.

Unfortunately, the global health crisis has caused significant disruption to life as we know it. We are so very disappointed that your final months at UT Dallas didn't include the usual fanfare that surrounds commencement.

Please know that our pride in your accomplishments is undiminished, and we will find a way to commemorate this important milestone in person on our beautiful campus.

While the pandemic has taken much from our world, this fact remains unchanged: we wish for each of you a fulfilling and rewarding future. You are our legacy. The very reputation of UT Dallas will be defined by you, as it has been by the accomplished graduates who have come before you.

Thank you for choosing UT Dallas for your studies, thank you for all that you contributed to our university during your studies, and, once again...

Congratulations, Class of 2020!

*Richard C. Benson*

Richard C. Benson  
President

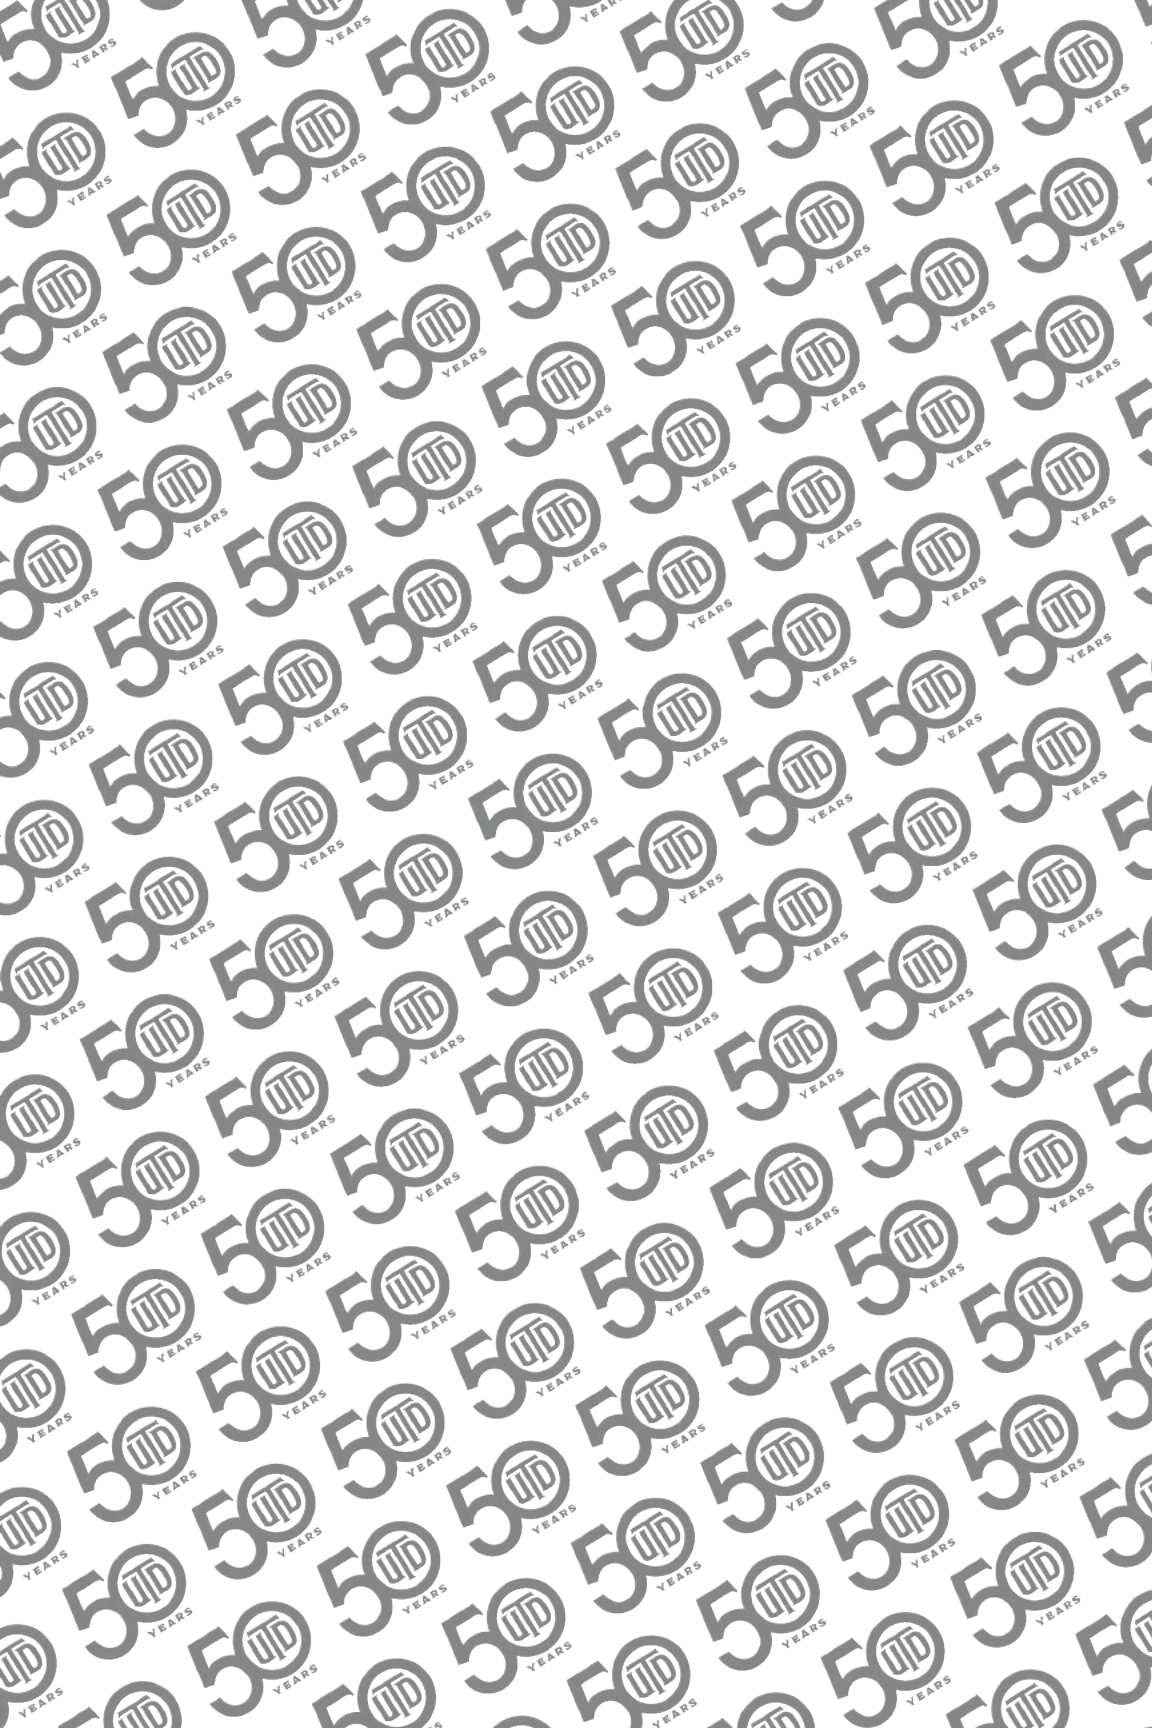

*Eugene McDermott Distinguished  
University Chair of Leadership*

*Inga H. Musselman*

Inga H. Musselman  
Provost

## ADMINISTRATIVE OFFICERS

Richard C. Benson, PhD  
PRESIDENT

Inga H. Musselman, PhD  
VICE PRESIDENT FOR ACADEMIC AFFAIRS AND PROVOST

Kyle D. Edgington, PhD  
VICE PRESIDENT FOR DEVELOPMENT AND ALUMNI RELATIONS

George W. Fair, PhD  
VICE PRESIDENT FOR DIVERSITY AND COMMUNITY ENGAGEMENT

Frank Feagans, MS  
VICE PRESIDENT FOR INFORMATION TECHNOLOGY

Gene Fitch, EdD  
VICE PRESIDENT FOR STUDENT AFFAIRS

Calvin Jamison, EdD  
VICE PRESIDENT FOR FACILITIES AND ECONOMIC DEVELOPMENT

Rafael O. Martín, MEM, MBA  
VICE PRESIDENT AND CHIEF OF STAFF

Joseph J. Pancrazio, PhD  
VICE PRESIDENT FOR RESEARCH

Terry A. Pankratz, MBA  
VICE PRESIDENT FOR BUDGET AND FINANCE

Amanda Rockow, MA  
VICE PRESIDENT FOR PUBLIC AFFAIRS

John Walls, MA  
VICE PRESIDENT FOR COMMUNICATIONS

DOCTORAL DEGREE RECIPIENTS

DOCTOR OF PHILOSOPHY IN BIOMEDICAL ENGINEERING

Rahul Atmaramani

Professor: Shalini Prasad

Dissertation: *Development of an In Vitro Phenotypic Assay for Screening Chronic Pain Therapeutics*

Mahdieh Kazemimoghadam

Professor: Nicholas Fey

Dissertation: *Machine Learning Interventions for Continuous Classification of Complex and Non-Steady-State Locomotion of Able-Bodied Subjects Under Varying Anticipatory States and in Individuals with Parkinson's Disease*

Kevin Hao Su Lam

Professor: David Schmidtke

Dissertation: *Development of Novel Aligned Collagen Fibril Coated Substrates for Mimicking Corneal Tissue Structures*

Allison Stiller

Professor: Joseph Pancrazio

Dissertation: *Softening Intracortical Recording Devices for Improved Biomechanical Interactions at the Brain-Device Interface*

DOCTOR OF PHILOSOPHY IN COMPUTER ENGINEERING

Shanthi Vellingiri

Professors: Balakrishnan Prabhakaran

Ryan McMahan

Dissertation: *Assessment of QoE and Learning Effectiveness in Collaborative Mixed Reality Environments*

DOCTOR OF PHILOSOPHY IN COMPUTER SCIENCE

Maryam Bahojb Imani

Professors: Latifur Khan

Bhavani Thuraisingham

Dissertation: *Design and Development of Scalable Analytics Frameworks with Applications in Blockchain Smart Contract Security and Political News Mining*

Devendra Singh Dhani

Professor: Sriraam Natarajan

Dissertation: *Effective Learning with Heterogenous, Noisy, Multi-Relational Healthcare Data*

Masoud Ghaffarinia

Professor: Kevin Hamlen

Dissertation: *Automated Binary Software Attack Surface Reduction*

Smita Ghosh

Professor: Weili Wu

Dissertation: *Optimization Problems for Maximizing Influence in Social Networks*

Shuyang Gu

Professor: Weili Wu

Dissertation: *Influence Optimization Problems in Social Networks*

Baokun He

Professor: Haim Schweitzer

Dissertation: *Algorithms for Robust Data Analysis*

Chao Li

Professor: Xiaohu Guo

Dissertation: *Real-time 3D Reconstruction of Dynamic Scenes*

Ramon Manuel Martinez Maldonado

Professor: Sanda Harabagiu

Dissertation: *Deep Learning of Clinical Relation Identification in Health Narratives*

Raul Quinonez Tirado

Professor: Bhavani Thuraisingham

Dissertation: *Securing Autonomous Vehicles with Robust Physical Invariants*

Farhad Shakerin

Professor: Gopal Gupta

Dissertation: *Logic-based Approaches in Explainable AI and Natural Language Understanding*

Xiaoyu Wang

Professor: Kang Zhang

Dissertation: *A Grammatical Framework for the Generation and Verification of Tractable Designs*

Xiaoyang Xu

Professor: Kevin Hamlen

Dissertation: *Native Software Security Hardening in the Real World: Compatibility, Modularity, Expressiveness, and Performance*

## DOCTOR OF PHILOSOPHY IN ELECTRICAL ENGINEERING

Mahmoud Esam Abdelgelil

Professor: Hlaing Minn

Dissertation: *Interference Cancellation and Distortion Compensation in Non-Linear Regime*

Fahimeh Bahmaninezhad

Professor: John Hansen

Dissertation: *Advancements in Domain Adaptation for Speaker Recognition and Effective Speaker De-Identification*

Javad Birjandtalab Golkhatm

Professor: Mehrdad Nourani

Dissertation: *Algorithms for EEG-Based Monitoring of Epileptic Seizures*

Carlos A. Caicedo-Narvaez

Professor: Babak Fahimi

Dissertation: *Just-In-Time Detection of Stator Short Circuit Faults in Electric Machines*

Yingping Chen

Professor: Dongsheng Brian Ma

Dissertation: *Gan-Based DC-DC Conversion Achieving High Reliability, Low EMI and Balanced System Performance*

Lei Fang

Professor: Rashaunda Henderson

Dissertation: *Study of Orbital Angular Momentum Radio Beams Based on Uniform Circular Antenna Array*

Dong Han

Professor: Hlaing Minn

Dissertation: *Resource Allocation and Performance Analysis for Next Generation Wireless Communication and Radio Astronomy Systems*

Noha Helal

Professor: Aria Nosratinia

Dissertation: *Resolvability and Strong Secrecy for the Multiple Access Channel with Cooperation*

Keith Valdez Hernandez

Professors: Lawrence Overzet

Matthew Goeckner

Dissertation: *Phase Resolved Optical Emission Spectroscopic Measurements and Results of Pulsed Capacitively Coupled Radiofrequency Discharges Through Argon and Tetrafluoromethane-Argon*

Alex Press

Professors: Lawrence Overzet

Matthew Goeckner

Dissertation: *Electrical Measurements of Capacitively Coupled Pulsed Power Plasmas*

Gaurav Rajavendra Reddy

Professor: Yiorgos Makris

Dissertation: *Machine Learning-Based Hotspot Detection: Fallacies, Pitfalls and Marching Orders*

Fei Yang

Professor: Bilal Akin

Dissertation: *Reliability Evaluation and Condition Monitoring of Wide Bandgap Devices*

Muhammet Emin Yanik

Professor: Murat Torlak

Dissertation: *Millimeter-Wave Imaging Using MIMO-SAR Techniques*

Hanqi Zhu

Professors: Robert Gregg

Babak Fahimi

Dissertation: *Design of A Highly Backdrivable, Powered Lower Limb Orthosis for Improved Human Interaction*

## DOCTOR OF PHILOSOPHY IN MATERIALS SCIENCE AND ENGINEERING

Ava Khosravi

Professor: Robert Wallace

Dissertation: *Surface and Interface Investigation of Novel Materials for Future Applications in Logic and Memory Devices*

Harrison Kim

Professors: Jiyoung Kim  
Amy Walker

Dissertation: *From Material Understanding to Volatile Threshold Switches Using Crystalline Zinc Oxide: Selector Device for X-Point Memory Application*

Maria Isabel Pintor Monroy

Professor: Manuel Quevedo-Lopez

Dissertation: *Wide Bandgap Oxides Materials and Devices for Radiation Sensing*

Arul Vigneswar Ravichandran

Professors: Jiyoung Kim  
Chadwin Young

Dissertation: *Evaluation and Integration of Graphene Field Effect Devices*

Qingxiao Wang

Professors: Moon Kim  
Robert Wallace

Dissertation: *In Situ Characterization of Phase Transition and Defect Dynamics in Molybdenum Ditelluride*

## DOCTOR OF PHILOSOPHY IN MECHANICAL ENGINEERING

David Paul Allen

Professors: Robert Gregg  
Walter Voit

Dissertation: *Design Principles for Using Dielectric Elastomer Transducers in Actuation Systems*

Toby Brent Elery

Professors: Robert Gregg  
Yonas Tadesse

Dissertation: *Design and Implications of a Robotic Prosthetic Leg with Low-Impedance Actuation*

Peiyuan Kang

Professor: Zhenpeng Qin

Dissertation: *Photoinactivation of Proteins by Molecular Hyperthermia*

Adolfo Lozano

Professor: Fatemeh Hassanipour

Dissertation: *A Computational Thermal Model of Breast Cancer Validated by Clinical Data*

Sadeq Malakooti

Professor: Hongbing Lu

Dissertation: *Scalable Synthesis and Dynamic Mechanical Characterization of Multifunctional Polymer Aerogels*

Yang Wang

Professor: Dong Qian

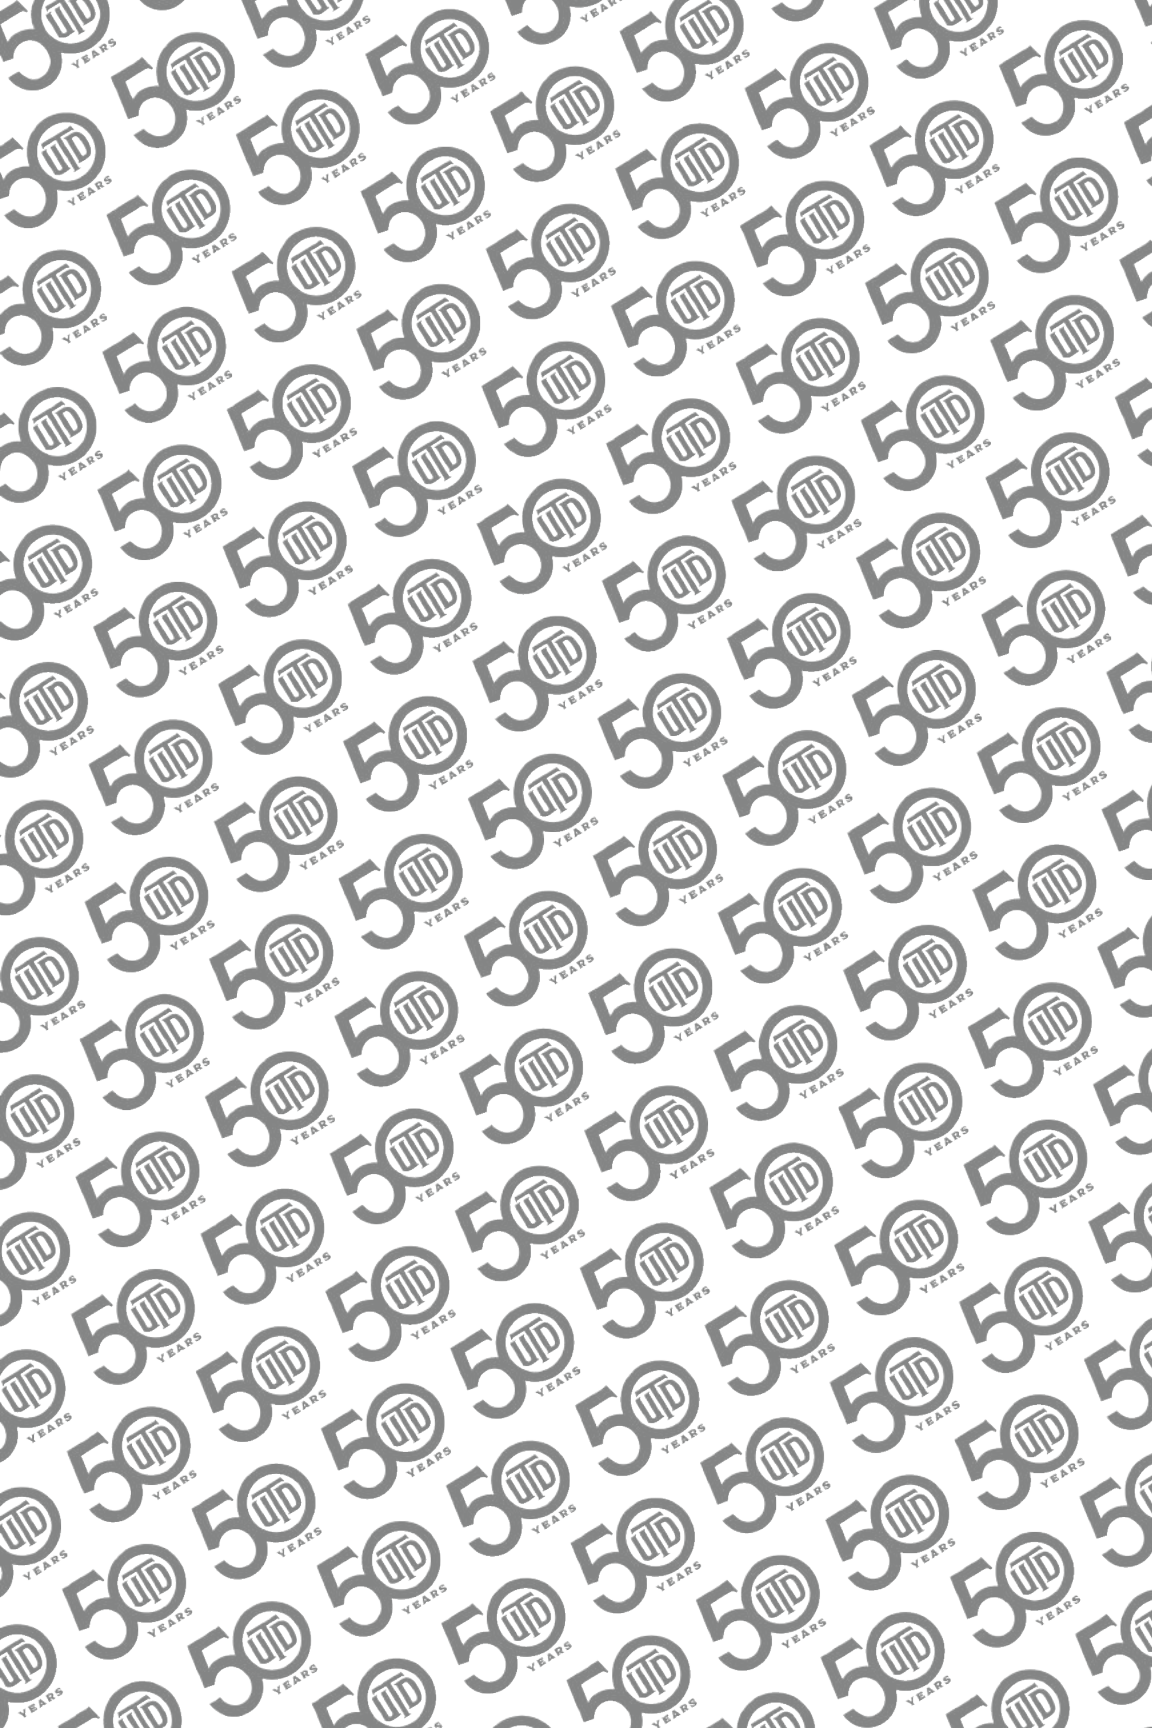

Dissertation: *Multi-scale Modeling and Simulation of Fibrous Nano- and Bio- Materials*

Lu Zhan

Professor: Giacomo Iungo

Dissertation: *Lidar Measurements of Wakes Generated by Utility-Scale Wind Turbines and Data-Driven Optimization of Wind-Turbine Wake Models*

# CANDIDATES FOR DEGREES WITH LATIN HONORS

Students graduating with Latin Honors have enrolled and successfully completed a minimum of 45 undergraduate hours at UT Dallas. Each Latin Honors level requires a minimum grade point average (GPA) to be attained over all course work taken at UT Dallas.

## *Summa cum laude:*

The grade point average that represents the top 5 percent of all graduates in a particular school is considered the threshold for awarding summa cum laude honors.

## *Magna cum laude:*

The grade point average that represents the next 10 percent of all graduates in a particular school is considered the threshold for awarding magna cum laude honors.

## *Cum laude:*

The grade point average that represents the next 15 percent of all graduates in a particular school is considered the threshold for awarding cum laude honors.

# CANDIDATES FOR DEGREES WITH MAJOR HONORS

To earn Major Honors in their disciplines, students must meet criteria set by the faculty within their school. Each program provides two levels of recognition: Honors and Distinction. Student must have completed a minimum amount of coursework at UT Dallas to be recognized with Major Honors.

## CANDIDATES FOR DEGREES WITH MAJOR HONORS

### MAJOR HONORS WITH DISTINCTION

Dean Awkal	Zuhair Jameel Mohammed
Samee Ahmad	Shruti A. G. Natarajan
Kinnari Mihir Karia	Sakina Aziz Plumber
Sandra Maria Mihail	William John Ringhofer

### MAJOR HONORS

Fizza Abbas	Charles T. Hooper
Rukaiya Akhtar	Haley Allese Hopkins
Spandana Venkata Lakshmi Akkaraju	Emily Marie Huffman
Maryam Abdul Ali Alhakim	Rabab Shahid Isa
Hibah Ansari	Yuuki Zachary Ishimaru
Cassandra Marene Arayata	Shelbye Leigh Karr
Kennedy Michelle Balzen	Emily Grace Kedslie
Keerthy Benny	Curran Richmond Kelly
Dianna Michelle Black	Sean Michael Ritschard Kennedy
Daniel Sebastian Cabrero	Yash Syed Khaleque
Siobhan Mei-Ning Carmody	Alehae Khan
Sneha Chaturvedi	Alina Khan
Jacob Alexander Cherry	Ji-Won Kim
Yu Hsin Chiang	Mathew Abraham Koshy
Julia Elizabeth Cocco	Dylan Anthony Kreth
Kyrie Michelle Collier	Siddharth Kumar
Isadora Caroline Comens	Matthew Thomas Kunjummen
Benjamin Codey Cotton	Bryanna Lynn Legrand
Thomas Matthew Crain	Anushka Arun Limaye
Frances Beafflor Tronzon Dagohey	Cynthia Liu
Joel Cooper Daniels	Ananya Malik
Mark De Los Santos	Jessica L. Marquis
Herve Victor Debure	Joshua Willard Marsh
Audrey Marie Dedrick	Deepa Marwaha
Crystal Faye Delaughter	Cameron Amir Meshki
Maximilian Joshua Dier	Margaret Ayres Mickelsen
Michelle Stephanie Edgar	Samuel Moedjianto
Ashley Marie Feistner	Kiersten Nicole Morales
Mackenzie Ryann Flynn	Sasipreetam Morsa
Alondra Gamino	Ardalan Naghian
Samantha Lucia Gant	Ashlesha Abhijit Nesarikar
Joseph Louis Garza	Amber Nguyen
Ben Worden Grawe	Jeong Ben Park
Christopher Dennis Hahn	Jack A. Partain
Rachel Elizabeth Halbert	Hong Phuc Pham
Tyler Christian Heald	Abigail Nicole Plump

# COMMENCEMENT SYMBOLS

Academic symbols date to the Middle Ages and include the mace, chain of office, academic regalia and gonfalons.

## THE CEREMONIAL MACE

The mace is a ceremonial staff of authority that administrators and faculty at universities worldwide carry at the head of academic processions. Traditionally made of wood and clad with metal, the mace was originally a weapon of war used to knock an enemy from his horse or crush his armor. The mace evolved into a symbol of peaceful leadership and kings encrusted them with jewels and precious metals.

The UT Dallas mace was handcrafted from wood from the 600-year-old Treaty Oak tree in Austin, which is said to have shaded Stephen F. Austin as he signed the first boundary agreement between American Indians and settlers in 1824. The tree was also said to be the last of a grove of live oaks where Native Americans once held feasts and religious ceremonies.

The 4-foot, 10-pound mace includes a sterling silver University seal surrounding a wafer embedded with Texas Instruments microchips, which represent the company's role in the founding of the University. A steel band in the headpiece and the metal foot of the staff are fashioned from a scientific instrument designed by the UT Dallas Space Sciences Institute and flown aboard the Space Shuttle Endeavor in September 1995. The mace stands in the president's office when not in use.

## CHAIN OF OFFICE

The UT Dallas chain of office is the traditional symbol used to signify the responsibilities and authority of the University president. The links of the chain are engraved with the names of the presidents of the University above a large medallion in the form of the University seal.

The seal of The University of Texas at Dallas has as its central feature a shield that is divided into two fields, the upper and the lower. In the lower field are the historic wreath — the right half of which is an olive branch, the left half a live oak branch — and the star of the Great Seal of the State of Texas. In the upper field is an open book, a fitting symbol for an institution of learning.

The shield rests in a circle and contains the motto "Disciplina Praesidium Civitatis." The motto is the late Dr. Edwin W. Fay's terse Latin rendering of the famous quotation from Mirabeau B. Lamar: "Cultivated mind is the guardian genius of democracy." Around the disk is a larger one, bearing the words "The University of Texas at Dallas."

## ACADEMIC REGALIA

Students in the medieval universities of Paris, Bologna, Oxford and Cambridge organized into guilds and gradually their costumes of flowing robes became distinctive for Bachelors (apprentices) of Arts, masters (teachers) and doctors (teachers who had completed postgraduate studies).

The academic hood worn by today's master's and doctoral students derives from the medieval cloak worn over the gown. The color on the outside trim of the hood indicates the degree earned; the colors on the hood lining area those of the university granting the degree.

The academic cap was a later development, first conferred as a symbol of the master's degree. Some caps were stiff, some soft; some were square, some found with a tuft. The tassel of today is an elaboration of the tuft. Round caps are still used by some institutions. The square mortar board style originated at Oxford.

In the United States, the Intercollegiate Code has taken the Oxford costume and standardized academic regalia. The master's gown has long, pointed sleeves; the doctoral gown has closed sleeves with three bars of velvet on each and velvet facing.

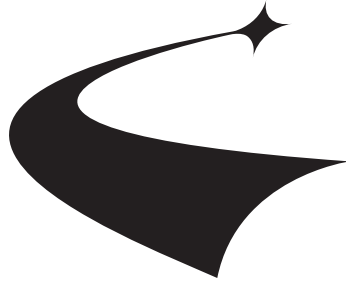

Six colors of tassels are worn by UT Dallas graduates. The white tassel is worn by those receiving the Bachelor of Arts and Master of Arts; the golden tassel is worn by those receiving the Bachelor of Science and Master of Science; the drab tassel is worn by those receiving the Master of Business Administration; the peacock blue tassel is worn by those receiving the Master of Public Affairs; the brown tassel is worn by those receiving the Master of Fine Arts; and the gold tassel is reserved for Doctors and Presidents.

## GONFALONS

The gonfalons — or college banners — add a wonderful element of color and pageantry to The University of Texas at Dallas commencement and convocation ceremonies. The gonfalon is a long banner that is suspended from a crossbar. The name derives from medieval Italy, where “gonfalone” was the name given to a community meeting in Florence. Each neighborhood had its own flag and coat of arms and the word gonfalon eventually came to be associated with the flag.

All gonfalons have in common several elements that symbolize the unified mission of the University. Among these common elements are the school colors, green and orange. The color orange represents The University of Texas System and is derived from the burnt orange UT Austin, the first UT school. In the world of academia, the orange color symbolizes engineering. UT Dallas' green color stems from the green olive and oak branches that are represented in the UT Dallas seal. Olive branches symbolize peace, and oak branches symbolize strength and endurance.

## WELCOME TO THE UT DALLAS ALUMNI COMMUNITY

Your graduation from The University of Texas at Dallas is a celebration of years of hard work and incredible achievement. Congratulations on all that you have accomplished! Let me be the first to welcome you to our alumni community of more than 113,000 worldwide.

As you prepare to take on the exciting new opportunities open to you as a graduate of this great institution, all of us at the University look forward to seeing what you will do in the future. We hope that you will remain connected to UT Dallas and invite you to officially become a member of the **UT Dallas Alumni Association**.

As an Alumni Association member, you can keep up-to-date with your fellow Comets through our online alumni directory and continue to enjoy use of the UT Dallas Career Center, Activity Center and Eugene McDermott Library. Members also receive special perks and discounts at the UTD Bookstore, Tech Store and local businesses, among other benefits.

**Visit [alumni.utdallas.edu](http://alumni.utdallas.edu) to learn more and stay “joined as one” with your fellow Comets.**

I wish you the best of luck as you begin this next chapter in your lives.

*Kyle Edgington*

Kyle D. Edgington PhD'13  
Vice President for Development  
and Alumni Relations

The entire Comet community wants to celebrate with you! Wherever you are, show us how you celebrated your graduation by posting your memories and photos with **#utdgrad** on Facebook, Twitter and Instagram. See the Class of Spring 2020 collection on Tagboard at **utd.edu/t/129**

Stay connected to UT Dallas. Make sure to include UT Dallas in your LinkedIn profile to stay connected to your alma mater and to your fellow alumni. Please visit **alumni.utdallas.edu**

In honor of your graduation and our 50th anniversary, give your first alumni gift of \$50 and receive a **Legacy Lane** brick to leave your mark on campus forever. All gifts can be designated to support what you love at UT Dallas. Please visit **giving.utdallas.edu/legacylane**
